# ANNOUNCEMENTS.

## TELEPHONE.

For the convenience of persons using the Library, a Telephone has been placed in the Library Building. To those who are not members of the Telephone Exchange there will be the usual charge.

## THE BULLETIN.

The criticisms on new books, original and selected from the best sources, intended to give information as to the scope of the books, and opinions as to their merits, together with Reading Notes on subjects of general interest and other bibliographical matter will continue to form a prominent feature of the Library Bulletins, and will render them well worth preserving. These quarterly Bulletins are the only form in which additions to the Library are likely to appear for some time, hence members will find it for their interest to procure and preserve them. They will be mailed to subscribers as issued at the charge of 20 cents a year.

## POSTAL ORDERS,

Many members are finding the Postal Orders an excellent means for securing the books which they do not otherwise readily obtain. In this way any one can be sure of obtaining any book in the Library within a short time.

## ABSTRACT OF RULES.

The Library is open every day from 8½ A. M., till 10 P. M. On Sundays and holidays no books are given out, nor other business transacted.

The Librarian may loan on each share or subscription two works, not exceeding four volumes in all; provided that only one of the works is a novel.

Extra books may be loaned to members on the payment of ten cents a week or part of a week for each work.

Books may be taken by non-members on deposit of twice their value and payment of ten cents per week for each volume.

Unbound pamphlets and periodicals not numbered, and books set apart by the Purchasing Committee for use in the Library, and distinguished by a *green label*, shall not be taken from the Library without the consent of the Committee.

Duplicate copies of several Magazines and Reviews are put in temporary binding and numbered for circulation as books.

New books may be kept from the Library one week only and not renewed; other books may be kept two weeks and may be renewed once only.

Any member who shall detain a book from the Library beyond the prescribed time, shall pay for each work ten cents a week or fraction of a week for such detention.

One section of the Library designated as CLASS 40, consists of books of a popular character which may be kept for an indefinite time and are subject to *no fine*.

Books which are purchased in consequence of the application of a member, will be reserved for the applicant, and a notice will be sent to him when they are ready for circulation.

No one shall be allowed to take out a book if the tax on his share or any fine or other charge against him shall be one month unpaid.

# ACCESSIONS TO THE LIBRARY

FROM OCTOBER 1, 1883 TO JANUARY 1, 1884.

For an explanation and synopsis of this new classification see pages 22 to 28 of No. 1 of the BULLETIN. A full Index to this classification will be found at page 39 of No. 2 of the BULLETIN.

## TO READERS.

### DUTIES OF THE LIBRARIAN.

Much of the time of the principal Librarian is, of necessity, taken up in superintending the general affairs of the Library, and in doing work which specially devolves on him. It is, however, one of the most important parts of his duty to assist members in their search for books and for information in connection with their reading and study. And he desires all persons to feel and to exercise the utmost freedom in calling upon him for any assistance or advice which he may be thought to be able to give.
